STAT

Dear Mr. Wilson:

Thank you for the clipping from the BLADE Pictorial which you sent Mr. Dulles.

It is the policy of CIA, which is a sensitive and secret organization that it does not comment on anything that appears in any public media, favorable or unfavorable, accurate or inaccurate.

As to your second letter regarding alleged jamming by America of foreign broadcasts, this Agency knows of no jamming practices by the U.S. but your inquiry might more properly be addressed to the State Department since the subject matter is outside the area of CIA responsibility.

I am enclosing some unclassified information on CIA which will perhaps give you a clearer picture of the activities of the Agency.

Sincerely,

/s/

Stanley J. Crogan  
Assistant to the Director
